

WE CAN HANDLE YOUR LOAD

WELCH'S, MORE THAN TRANSPORT

welchgroup.co.uk

Welch's Transport

One of East Anglia's leading haulage companies for almost 100 years.

Freight, haulage and logistics

We've been one of East Anglia's leading haulage companies for almost 100 years, trusted to deliver a range of services, from general haulage and pallet delivery to moving dangerous goods and abnormal loads.

From one vehicle in 1934, we now run 63 commercial vehicles of 7.5+ tonnes GVW. We're equipped to service clients of all sizes throughout the UK, operating out of three transport and commercial sites across central and eastern England.

welchgroup.co.uk

We've recently streamlined our services and given greater visibility to our clients with the implementation of our first cloud-based transport management system, Qargo.

We're looking forward to integrating its CO2-accredited calculator, which will be a massive support to our customers' Net Zero targets.

Our relationships with our clients are really important to us. We work hard to understand their individual needs and support them with their day-to-day challenges – we also try to make it enjoyable whenever we can!

OUR AWARD-WINNING TRANSPORT SERVICES

- Full and Part loads
- Palletised
- Hazardous
- Abnormal loads
- Same day / courier service
- Amazon logistics
- Green / Net Zero logistics

Palletised

Membership of the Palletline and Hazchem Network gives us the ability to get goods to the end customer across most of the UK, next day before 10am.

Palletline are the only 100% member owned network and the first to achieve the hat-trick of internationally recognised quality, safety and environmental accreditations (ISO 9001, OHSAS 18001 and ISO 1400) and we are proud to have been shareholding members since 2010.

We understand that visibility and quality is key to logistics operations and Palletline's 'Estimated Times of Arrival' (ETA) capture is at 95%, with 85% accuracy and improving. With their new 'Palleteyes' hub system we can even watch each individual pallet travel through the hubs.

Amazon logistics

Our affiliation with Palletline means that we have Preferred Carrier status with Amazon, with fixed daily slots to deliver into any fulfilment centre.

But it doesn't stop there. Our extensive fleet and warehousing operation mean we can facilitate all types of Amazon supply chain management.

- Accepting your goods in
- Picking and fulfilling your Amazon Vendor orders
- Through your Amazon Seller Central into Amazon, getting your goods into the right fulfilment centre next day
- Shipping individual orders direct to your customers.

Our Amazon service can handle it all.

Green / Net Zero services

Right now, our Net Zero side of the business is growing – and we keep hitting the news with our achievements in this area.

All organisations in the UK will have to meet Net Zero targets by 2050 and the ones who get ahead by investing now in greener solutions will benefit both their businesses and our planet.

Call us on 01223 843011 to learn more about our Net Zero services.

Abnormal loads / heavy goods moving

We have in-house equipment and decades of experience to support you when you need to transport and install items of all dimensions. Our service is completely bespoke, tailored to your needs – and we love a challenge!

Call us on 01480 464748 to learn more about our Specialist Movements division.

I CAN'T SPEAK HIGHLY ENOUGH ABOUT MY EXPERIENCE WITH WELCH'S. THEIR PROFESSIONALISM WAS EVIDENT IN EVERY INTERACTION. WELCH'S DIDN'T JUST PROVIDE A SERVICE; THEY FORGED A PARTNERSHIP, ENSURING THAT MY TRANSPORTATION NEEDS WERE NOT ONLY MET BUT EXCEEDED.
